Silver Maple		
8'-10'	$ 6.00	
6'-8'	5.00	

"B&B" means that a ball of soil is retained with the roots when the tree is lifted. This is held tightly in place with burlap thus preventing the exposure and drying out of the roots.

Each T in the above list indicates one transplanting. Frequent transplanting is essential to insure a compact, fibrous root system.

"S" indicates sheared stock.

Boxing at cost.
